Professional Summary

Aspiring Data Scientist and Machine Learning enthusiast currently pursuing a Bachelor of Engineering. Skilled in Python, SQL, Machine Learning, and Data Analysis with hands-on experience in developing AI-powered applications. Passionate about solving real-world problems using data-driven solutions and continuously enhancing technical skills.

Education

Bachelor of Engineering (B.E.), Pravara Rural Engineering College, SPPU, Ahilyanagar 06/2023 – 04/2027
Currently Pursuing

Technical Skills

Languages

Python, SQL

Data Analytics

Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA)

Libraries & Frameworks

Pandas, NumPy, Scikit-learn, TensorFlow, PyTorch, Streamlit

Tools

Power BI, Advanced Excel, Git, GitHub, VS Code, Jupyter Notebook

Certifications

- Python , Math and Statistics , Machine Learning , SQL for Data Science

Project

Healthcare Disease Prediction System, Python | Machine Learning | Streamlit 04/2026 – 05/2026

- Developed a machine learning-based web application to predict possible diseases from user symptoms.
- Built an interactive interface using Streamlit for real-time disease prediction.
- Automated data preprocessing and model training workflows to improve prediction efficiency.
- Applied feature engineering and data cleaning techniques to enhance model performance.
- Strengthened practical knowledge of AI application development and machine learning deployment.

ACHIEVEMENTS & ACTIVITIES

- Completed certified courses in Artificial Intelligence, Data Science, and Machine Learning.
- Participated in Boxing and Hockey, developing teamwork and leadership skills.
- Actively engaged in technical learning through hands-on projects and self-learning.

Areas of Interest

Data Science • Machine Learning • Healthcare Analytics • Business Intelligence • Retail & E-commerce

KEYWORDS

Python • SQL • Pandas • NumPy • Machine Learning • Scikit-learn • TensorFlow • PyTorch • Streamlit • Data Analysis • EDA • Power BI • Advanced Excel • Git • GitHub
